

## Website Report for 2020/21

In September 2019 Kent County Council decided to cease offering free website support services to parish councils.

It was therefore decided to move the website to Hugo Fox Ltd who were willing to provide a similar free platform for parish councils and registered charities. They have been providing such services for 10 years and amongst other users, they host the websites for both Marden and Staplehurst parish councils. Having heard good reports from both, Linton PC therefore migrated its website to Hugo Fox Ltd in order to maintain a free service for Linton Residents.

The new site is now up and running and available for viewing.

I would like to take this opportunity to thank all those who have contributed material and information to the Linton Website. As a means of reaching out to Linton residents it will only ever get more important, and I encourage everyone to make as much use of it as possible. It is a particularly important resource when meetings and face-to-face discussions remain difficult at the present time.

Please remember that the Webmaster is essentially a publisher not a journalist, so articles should be supplied in a directly publishable form, hopefully with pictures or illustrations as befits a visual medium.

During 2021 the website functioned satisfactorily throughout and was updated regularly. In July 2021, the site received 525 visits and appears to be quite widely viewed and known about.

Thank you

Peter Lewis
