6. Performance Management

6.1 The Council recognises that performance management is an important means of showing that the public money is spent in the right way and achieves best value.

6.2 In the allocation of monies, there will be the need to ensure the effective monitoring and evaluation which focuses on outcomes. To achieve this, it is proposed that:

- monitoring should be proportionate to the amount of funding support awarded,
- monitoring should also be used to demonstrate achievement, and
- there is a need to keep information collecting as simple as possible for groups.

7. Risk Assessment

7.1 There are various associated risks involved in providing funding support.

Voluntary and community groups will be encouraged to carry out risk assessments to identify possible areas of concern, for example:

- audit processes,
- process in place to minimise fraud,
- safeguarding.
